Discover the benefits of KMD Payroll Cloud

KMD Payroll Cloud is the preferred cloud based SAP payroll solution in Denmark, and is fully integrated in SAP SuccessFactors. This means that you can finally manage your payroll and HR processes in one unified solution.

Reliability and cost efficiency are an essential part of KMD Payroll Cloud, and are integrated in every aspect of the solution, right from transition, to steady-state operation with reliable cost efficient payroll processing.

By choosing a payroll solution in the cloud, you reduce complexity by letting KMD handle hosting, security and maintenance of the solution. Every aspect of the solution is based on +25 years of practical experience with payroll processes and legal compliance, and are continuously updated with key learnings obtained from the processing of literally millions of pay slips every year.

THE BEST OF TWO WORLDS

With our new payroll solution, KMD Payroll Cloud, we offer you the best of two worlds: the means to run highly efficient payroll processes in a safe and reliable cloud setting.

SIMPLE IMPLEMENTATION AND START UP BASED ON A STANDARD SOLUTION

KMD Payroll Cloud includes access to proven best-practices, various implementation accelerators, such as requirements workbooks, template project plans, sample test cases and general implementation strategies. It ensures you a secure and simple migration from your existing payroll setup. All this provides you with transparency and minimizes risks in implementation, while you get a fixed scope and price when switching to KMD Payroll Cloud.
